80'Sunreef

A close-up, low-angle shot of the side of a dark grey yacht. The name "80'Sunreef" is prominently displayed in large, white, three-dimensional block letters. The yacht is on the water, and the background shows a sunset over the ocean with a small boat visible in the distance. The lighting is warm and golden, highlighting the texture of the yacht's hull and the metallic railing in the foreground.

# Meet your crew

**Captain Angelo was born in 1972 in Termoli, a little town by the Adriatic Sea.**

He learned to love the sea from a very young age since his family owned a little jetty in the Termoli harbour. When he was only 10 years old, he sailed together with his father from Termoli to Ortona.

Since then, he participated in numerous races over the years, deepening his sailing experience, his passion for the sea and his knowledge constantly. He attended the Nautical Institute of Termoli and received his certification at the Naval Academy of Livorno. Since 2006, Angelo manages two companies in Termoli together with his brothers: the Inmare Srl, a company dealing with work at sea and the Marinucci Yachting Club, a company in charge of marina management. During his years as captain, he has sailed all over the Mediterranean (Italy, Croatia, Greece in particular) and has passed the Atlantic Ocean to sail in the Caribbean as well. Angelo is passionate about the sea and sailing; a true sea lover with the motto: "If it floats and has sails, you can have fun!" He was the Captain on M/Y Don Michele since 2016 when the yacht first was launched.

He is now happily returning to sailing yachts to be the captain of Genny. He loves new challenges, is hard-working and responsible. His communicative and friendly character will undoubtedly ensure guests an unforgettable sailing experience on board. In his spare time, he enjoys wind and kite surf. Angelo speaks Italian and English fluently.

Giovanni was born and raised in Termoli, Italy and is now 27 years old.

His love for food started at a very young age and led him to achieve his diploma at the High School of Hotellerie in Termoli.

After that, he attended several cooking classes to improve his skills and experience including 3 classes at the very popular Italian pastificio “La Molisana” where he learnt the art of making the perfect homemade pasta. After having worked in numerous very good restaurants and hotels in Italy, Giovanni decided to gain working experience abroad and spent 2 years working as chef in a Dutch restaurant in The Netherlands.

He covered several roles as sous-chef, chef de partie and chef. The essentials of Giovanni’s cuisine are natural flavors, craftsmanship and professionalism. He’s a very talented young chef willing to give the best and improve his skills, always completely focused on creating amazing dishes; whether it’s a family style lunch with multiple dishes, a breakfast in order to get a perfect start for the day or a luxury gourmet dinner completed with wellpaired wines.

In his spare time Giovanni loves traveling around the globe and experiencing new tastes and flavors. Genny will be his first experience as chef on a yacht. He’s very enthusiastic and ready to “win the challenge”, creating the ultimate culinary experience for his guests and to make his dream come true:

to combine his passion for cooking with his desire to travel. He speaks English and Italian fluently and some basic French.

Marco was born in 1969 in Termoli. His sailing career started about 20 years ago with drift sailing boats and a sailing course in Bonifacio. After 5 years of hobby sailing, he started to take part in boat deliveries from boat factories to their final home port in the Mediterranean gaining navigation experience and adapting to any kind of sailing conditions with different types of yachts.

A few years later he got his first job as captain on a Tartan yacht sailing all over the Mediterranean and crossing the Atlantic Ocean to the Caribbean. He has participated in numerous races, has worked for the past 4 years in charter yachts and has accumulated about 45000 NM.

He is excited to join Genny on her maiden voyage and first season, eager to apply his skills and knowledge and thus widen his horizons. He is responsible, has a hands-on and positive attitude and will be a great asset to the crew on board!

He loves anything that has to do with the sea and enjoys traveling and getting to know new people. He speaks Italian and English.
